Amendment to Notice of Intent to Initiate a Resource Management Plan and Prepare an Environmental Impact Statement for the Challis Resource Area

ACTION: Amendment to Notice of Intent (NOI) to initiate a Resource Management Plan (RMP) and prepare an Environmental Impact Statement (EIS) for the Challis Resource Area in Lemhi and Custer Counties, Idaho and invitation to participate in the identification of issues (scoping).

SUMMARY: Original notice was published in the Federal Register November 25, 1991. Original notice is hereby amended to also include approximately 2,000 acres adjoining the Challis Resource Area, but presently managed by the Big Butte Resources Area, Idaho Falls District. The purpose of amending the Notice is to notify the public that we are now considering an Area of Critical Environmental Concern (ACEC) designation, which is managed under the Little Lost-Birch Creek Management Framework Plan (MFP) (June 1981). If the decision following the Challis EIS is to designate the area as an ACEC, then that decision would amend the existing Little Lost-Birch Creek MFP.

DATES: Dates and locations for future meetings will be announced in the local media and through a mailing list, as appropriate.

ADDRESSES: Comments should be sent to: Challis Resource Area Manager, Bureau of Land Management, P.O. Box 430, Salmon, ID 83467.

FOR FURTHER INFORMATION CONTACT: Mark Johnson, Challis Resource Area Manager, Bureau of Land Management, P.O. Box 430, Salmon, ID 83467, or telephone (208) 756-5420.

SUPPLEMENTARY INFORMATION: The Challis Resource Area Draft RMP and Draft EIS will examine alternative recommendations regarding Areas of Critical Environmental Concern (ACEC). At least one such alternative is expected to affect lands managed by the Big Butte Resource Area in the Donkey Hills area near the Lemhi County/Butte County line in Idaho. These lands adjoin lands managed by the Challis Resource Area and collectively comprise an area with important resource values. If a recommendation for designation of this

area as an ACEC is included in the proposed RMP and final EIS, the subsequent record of decision would amend the existing Little Lost-Birch Creek Management Framework Plan (June 1981).

Public participation will continue throughout the remainder of the planning process. The next step of the planning process in which the public will be specifically invited to participate will be review of the Draft RMP/EIS, followed by a review of the Proposed RMP/Final EIS.

Dated: February 13, 1995.

Ecosystem Manager.
